

# REFUGEE WEEK 2017

## Connecting the past to the present

YEAR 2

KS1

This week Hoffman Class explored what a refugee was and how we can make refugees feel welcome in the U.K. First, we had to understand what a refugee was and learnt that it was someone who could no longer live in their home because it was unsafe and sometimes they had to move to a new country. We watched Fivel Goes West to help us understand this concept. We understood that this is an extremely hard time and participated in activities to explore this further. We completed a Role on the Wall to discuss the emotions Fivel went through when leaving his home. We then completed an emotions tally and discussed this with our partners. We made links with Hamid's story who was a boy from Eretria who had to leave his country too. We made a leaflet suggesting ways we can make everyone feel welcome.

### How to Help Refugees Feel Happy!

By Angelo.  
This poster is about how you can make refugees feel welcomed.

1. Remember to smile and say hello!
2. Talk to them and don't gossip about them!

Talk to them about the food on their plate.

Let them choose a game to play in the playground.

Don't forget to help teach a few English words a day.

# REFUGEE WEEK 2017

## Connecting the past to the present

YEAR 2

# KS1

During Refugee Week Jeffers Class talked about why it is important we understand the experience of Refugees. We watched the film Fievel and discussed what happened to him and his feelings. We thought about what refugees may need to take with them if they left their country.
