Enquiry Ebony's Homework

Hi Year 2,

Your Half Term Homework Challenge is linked to your new science topic of 'Materials—changing shape'. We will be investigating how materials can be changed by squashing, bending, twisting and stretching them.

Your task is to create a pot, rainbow or animal using the actions of squash, bend, twist, stretch, push and pull. You can make your own salt dough with:

- 1 cup salt
- 2 cups of flour
- $\frac{3}{4}$ cup of water
